

## ENTERTAINMENT SOLUTIONS

Utilizes EVOLVE Switches and Control System

- 4K UHD System with Uncompressed Video
- Support for Composite Video, SDI, HDMI up to 4K60 USB-C State of the Art Video/Audio and the Latest Bluetooth 5.0 In and Out
- Little to no video or audio delay that is inherent in systems that utilize compression as part of their architecture... Something critical for aircraft cameras. EMPIRE has ZERO compression up to 4K30 and only 1.4 to 1 for 4K60
- Lossless Audio
- Near Instant Audio and Video Switching
- Configurable Picture Tiling to Any Monitor of Any Source
- 10G Ethernet Cabling
- Future Upgrade to 8K with Either Box Upgrade or Exchange
- Full Suite of 4K monitors:
  - 4K LCD: 19", 21.5" and 23.8"
  - 4K OLED: 42", 55" and 65"
- RS-485 and RS-232 capable to control non-Empire equipment

42", 55", 65" OLED
